

Let yourself be enchanted by the magical surrounding towns! We organize tours to...

Cannes, Mougins, Grasse and Gourdon

Discover the fabulous streets of Cannes! You'll be enchanted by the mystical venues made popular by the *Festival de Cannes*. Step in the footprints of stars in the Palace of Festivals and Conferences, and lose yourself in the charming old town of Suquet, admire its provincial beauty and markets and stretch yourself on the beaches of the bays of Cannes.

Above Cannes lies the medieval town of Mougins on a peak, in the form of a shell. Its narrow streets, covered in flowers, attracted artists like Picasso and Man Ray. Mougins's typical provincial façade, numerous art galleries and cozy restaurants give it an intangible charm.

Visit Grasse, a typical town of Provence and discover its variety of architecture, its squares and fountains, its mews wiggling towards magical streets of a thousand different scents – roses, jasmines, olive trees... And though it's called 'the world capital of perfume', it's got a lot more to attract tourists than its scents. Discovering this town is like reliving the distant past.

Situated on the top of a vertiginous cliff at an altitude of 760 m, Gourdon is an open balcony overlooking the Loup River and the Mediterranean Sea. Beneath an impressive castle, surrounded by a charming park, the ancient houses are well preserved. This village is full of artists, certain scenes of *Les Misérables* (2012) were filmed here, due to its 19th century atmosphere.

Nice, Monaco, Monte Carlo and Èze

This is the route called the 'moyenne corniche' (the mid one from the three corniches), offering a splendid view over Nice and the peninsula of St. Jean Cap Ferrat, and it leads to the charming village of Èze, which is like an eyrie on a hilltop. Notice its artisanal boutiques, perfume shops and fabulous little streets, giving you the true essence of Provence.

Afterwards, we head to the Principality of Monaco, which reflects the beauty and charm of the region. Its most beautiful sight is the Prince's Palace, which gives place to the changing of the guard. Closer to the beach lies the majestic Saint Nicholas Cathedral, venue of the wedding of Prince Albert II and Grace Kelly. The interesting Oceanographic Museum is also nearby, don't miss it!

Once you're here, you have to discover the legendary Monte Carlo. Hire a luxurious car, play roulette or poker in an elegant casino, or simply contemplate life in Monaco on the terrace of Café de Paris before participating in the famous Grand Tour of Formule 1.

You'll surely love the trip back to Nice along the basse corniche, passing by breathtaking views of villages and the bay, and the impressive citadel of Villefranche-sur-Mer.
